

# Skeleton Functions

I can explain the functions of a skeleton.

skull  
cranium

## Task 1 - Protection

Label and colour in **red** the bones that protect organs in your body. (One has been done for you).

## Task 2 - Support

Look at the bone coloured in **blue**. What is it called?

---

## Task 3 - Joints

Circle (o) the following joints in the body.

Circle the ball and socket joints in the skeleton in **orange**. (One has been done for you).

Circle the hinge joints in the skeleton in **green**. (One has been done for you).

Circle the gliding joints in the skeleton in **purple**. (One has been done for you).

# Skeleton Functions
