

# Transition

On a scale of 1 to 10:

- How much do you know about your new school?
- How confident are you feeling about going to high school?

Use your new school's website to find out:

- The number of children at your school
- The number of children that might be in your form
- What uniform you will need to wear
- Your new subjects

Find pictures of the school building.

Draw the school logo? What does it mean?
