

English

Find a poem linked to any of the work we have done this term. (Vikings, Rivers, Plants etc.) Practise it until you have learnt it by heart. Film yourself performing it. Try to make it as expressive and entertaining as possible.

Maths

Find out about the Fibonacci Sequence.

Can you find some examples in nature? draw or photograph them.

Have a go at drawing the Fibonacci spiral. (See sheet.)

Transition y6 only

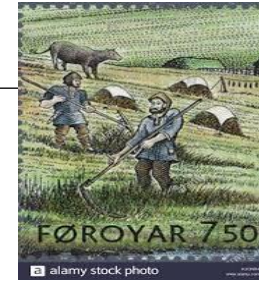

Exploring the website please find out all you can about the school day. (See separate sheet)

History

HISTORY What jobs did the Vikings do?

<http://www.legendsandchronicles.com/ancient-civilizations/the-vikings/viking-jobs-and-trades/>
<https://www.historyonthenet.com/viking-occupations-what-did-vikings-do-when-they-were-raiding>

Research and read the resource I have given you. Imagine you are a Viking (child or adult) and write a diary of your day.

Vikings

Week 10

R.E.

Watch the video about the Hindu Creation story.

<https://www.youtube.com/watch?v=whEVO4RfnSE>

Write and illustrate your own story board.

Can you see any similarities to the Christian story?

Science

Watch the Powerpoint about Photosynthesis.

Fill in the worksheet and draw and label a diagram to explain the process.

ART

Research the work of Andy Goldsworthy or Nils Udo. Create your own piece of work using natural objects.
