

Dear Branch,

We are on a trip to a little French town. We are in a tent near a river and lots of trees.

At the start of the week, we went for lunch in town. I had a little munch on some frog legs. They had a good crunch. We had a bunch of bananas on the bus back to the camp.

Grandad took us to see a finch nest. We sat on a bench near the nest. "Do not shift an inch and we might see them," said Grandad but my sister pinched me so the finch did not come near us.

I will be back next week.
