

How to Make a Zine

Instructions

Step 1: Fold your sheet of paper in half. Fold it again into quarters, and then one more time so that it is folded into eighths.

Step 2: Open your paper so that it is folded in half. Cut halfway across the middle from the fold. When you open your paper it should have a slit in the middle.

Step 3: Fold your paper lengthwise (along the crease that has the slit). Hold the paper at either end, then push the ends in toward each other. The sections should fold into each other to form an eight-page booklet.

Step 4: Now it's time for you to fill in your blank booklet and turn it into a zine! How you fill it in is completely up to you. You can plan or sketch out your content before making it final. Include lots of pictures too.
