Online Safety

Being unkind online

It can be very easy online for children to behave in a way that they wouldn't if they were face to face with each other.

Talk to your child about how they speak to others online and encourage them to talk to people online with respect and kindness, like they would if they were face-to-face. How they act online should be how they behave on the school playground when they are following school rules. Here are some examples of what being unkind looks like online:

- Sending nasty or hurtful messages
- Leaving unkind comments
- Sharing photographs of somebody else without their permission
- Excluding somebody on purpose
- Impersonating somebody with a fake account
- Telling/sharing lies

The above might happen whilst your child is gaming online or whilst using social media or messaging apps e.g. WhatsApp.

Top Internet Manners

Internet Matters have produced a list of 'manners' that we all should follow to create a safer and kinder online world: <https://www.internetmatters.org/resources/top-internet-manners/>

What should I do if my child is being bullied online?

Ensure that your child understands that if they receive unkind messages or see something that worries them, they should not reply or engage in conversation with the perpetrator. Instead, they should tell a trusted adult. You can use the tools within an app to report any offensive or hurtful content as well as block people so they cannot contact you again in the future.

No Toys

Please may we ask that children do not bring in any toys into school, these can be distracting in class, as well as being at risk of becoming lost or broken.

Thank you
