

The school has helped me a lot. It has made me more confident and helped in the lead up to SATs with a SATs Club with biscuits and chocolate. I've attended a lot of sports events like: swimming galas, the UEA event, cross country, hockey and sports day. There has been a lot of fun school trips. In Swallows we are treated like grown-ups and not like children.

In Swallows I most enjoyed the Eco work. We have raised a lot of money from Bring and Buy sales, filling bottles with money and more. We are rewarded for doing our homework instead of being punished for not doing it. At school we take part in lots of sporting activities like swimming galas, basketball and football. Every year I enjoy doing the Summer Production.

I would like to share my favourite memories.

This school participates in sporting events at the UEA, Hobart and Loddon Primary.

We are very lucky to have wonderful school grounds filled with wild flowers and nature.

At Ellingham we help other people by fundraising. We raised money for Water Aid and we had a Starve Day as we wanted to know what it felt like.

Through my years at Ellingham I have been helped massively by my wonderful teachers and TAs.

I am going to miss this school.

When I started at Ellingham I was very shy and worried, but the caring staff helped me get through all of those worries and helped improve my learning. Ellingham is a very kind eco-friendly community. They really inspired me to be the best I can be.

The PTA organise lots of fun activities. The Eco Committee help to raise lots of money to help charities like:- Water Aid and Save the Children.

I have been here for 7 years. All the teachers, especially all the teachers Mrs Sawyer who has helped me throughout the Years.

*Thoughts from
our Year 6
pupils at
Ellingham
Primary
Summer 2017.*

My time at Ellingham School has nearly ended. I've had a wonderful time. All the teachers have helped me all through my years. Ellingham is a happy place and we are an eco school.

Here at Ellingham we help other people that are less fortunate than us by fundraising. We look after each other and our teachers look after us. I have met some really special people in my years. I will be sad to go on to Yr 7. I will MISS you all.

- The sports have helped me a lot. - Before I was bad at football, but now I'm good.
- Very kind teachers and caring teachers. - I am more confident and polite.
- Making new friends at school. - Doing well in my work. - The art was good, because they help you. - The school has made me very educated and very brainy.

My 7 years at the school has brought me to realise how much my teachers have helped me through my journey in this school. From day one I have been treated fairly and got help every time I asked. During SATs Mrs Kenyon set up an after school club and it was so helpful.

I have loved all of the Summer productions and all the events the PTA have organised. I loved the playground, we have plants and Eco things, but we also have a place to play.

When all the Year 6 had to do SATs, I was prepared because of all the help I and the others had from our teachers.

I loved all my time at Ellingham School. I've been given so much support.

I have enjoyed taking part in the swimming gala, and many more sporting activities like football and basketball. I love doing all the eco work and all the fundraising.

We get rewarded for doing out homework. My favourite thing is doing the school play. It's always a great success, but most importantly I've made lots of new friends.

My time at Ellingham has been so, so amazing. The school has helped me a lot during my bad times, and some amazing people have helped me, aka making me happy.

SATs were hard, but Mrs Kenyon helped us lots. Mrs Kenyon treated us with biscuits and sweets. I really enjoy rounders, but not really sports day.

One of the best things in the school are all the children. The teachers are very kind and supporting. They have taught me a lot of different things and all the TA's help if you need it.

Every year our school does a classical production. We have done The Sound of Music, The Jungle Book, Mary Poppins and Peter Pan.

This school has helped me a lot. Ellingham is a very caring, lovely school and the teachers have helped me through so much, especially through SATs.

From when I first started, to now, I can definitely say I have changed, become more mature, and have absolutely become better with all subjects.

The school buddy the new Sparrows with Year 6 to make sure that they all feel welcome and have somebody to play with for the first few days.

One of my favourite event is sport day.

I would like to say thank you to all the teachers, TA's and PTA for my amazing time.
